

## QUOTATION AND ORDERING INFORMATION FOR SPECIAL MTO TIMING PULLEYS AND HTD PULLEYS

**Please scroll down to see the order form**

Thank you for your inquiry. The following information is designed to help us help you!

Whenever possible, a print or sketch should accompany all inquiries or orders, as lack of proper and complete information results in loss of time and money to everyone involved. If a print or sketch is not available, please use this “check off” list to ensure that we have all the necessary information.

1. Quantity
2. Type (TP/HTD), and pitch of pulley  
(1/5", 3/8", 5 mm, etc.)
3. Number of teeth
4. Face width of belt to be used
5. Material (steel, aluminum, nylon, etc.)
6. Bore size (MPB, taper lock, “QD” etc.)
7. Keyway and/or set screw
8. Hub projection (if any)
9. Length through bore
10. Flanged or unflanged
11. Delivery requested  
*(rush deliveries sometimes require higher pricing)*

Please remember that on special MTO inquiries all the above information must be given by the customer - there is no such thing as “standard” specifications on “special MTO” inquiries.
